## Coach Boat Policy

Policy No. 2023-01

Adopted: April 2<sup>nd</sup>, 2023

Purpose: To have consistent guidelines for the use of the coach boat, to ensure safety of members and care of equipment.

### Policy:

1. Anyone operating the coach boat must have a valid boating license from an accredited Transport Canada distributor.
2. Proof of boat license is to be submitted to the FVPC Secretary. Boat licenses are valid for life so this only needs to be completed once.
3. Safety and boat care instructions must be provided by the Equipment Manager before taking the boat out for the first time.
4. We ask for a \$5 donation per use to cover gas expenses. This is based on the honour system. Payment can be made into the mailbox in the clubhouse.
5. Fuel is in the jerry can provided. Note that fuel is mixed. When the jerry can runs low please alert the Equipment Director and he will arrange a refill. Please do not refill yourself.
6. After an orientation with the Equipment Director, a code for the lockbox and key will be provided. This code and key are not to be shared.
